MESSAGE FROM ROGER D. EATON, YOUR CLERK AND COUNTY COMPTROLLER

After winning the Charlotte County Chamber of Commerce's Business of the Year Award in 2021, the Charlotte County Clerk of Court's office didn't rest on its laurels in 2022!

This past year's primary focus was providing better, more efficient, and convenient services to all Charlotte County residents. In early 2022, we held a special passport event which helped families juggling hectic work and school schedules by providing extended office hours for processing passport applications and taking FREE passport photographs. Later in the year, we then launched self-help legal section of our website offering litigants without attorneys legal forms to use in their cases. We also teamed up with the Charlotte County Legal Aid Society to provide FREE 20 minute legal consultations for pro se litigants. Additionally, we increased hours in our Murdock passport office so Port Charlotte and Englewood residents could more conveniently apply for and receive their passports.

The last time a Clerk's office branch existed in Englewood was 2009, almost 15 years ago. Listening to our local citizens, we responded by opening a new, state-of-the-art Clerk's office branch in Englewood this year, which provides all our West County citizens more services and convenience. Dedicating this office to the Englewood community, as well as enhancing our online services, resulted in a nomination for "Excellence in Business" by the Englewood Chamber of Commerce. Throughout 2022, our marriage license office offered holiday-themed weddings. Valentine's Day, Halloween, Fall Festival, and Winter Wonderland were all represented this year, and the couples married during our holiday-themed weddings truly enjoyed their special day at the Clerk's office.

Our office not only accepts its responsibility for providing high quality services to our community, but it also feels an obligation to be a helpful community partner through auctions, and pet food donations, as well as a program which allows jurors to easily donate their juror pay to a local charity rather than collect it, the Clerk's office provided monetary assistance to local non-profits totaling over \$24 thousand in 2022.

In addition, we extended our community outreach and donations to Meals on Wheels of Charlotte County, Virginia B. Andes Community Clinic, the Center for Abuse and Rape Emergencies (CARE), Animal Welfare League of Charlotte County, and the Boys & Girls Clubs of Charlotte County. In 2022, for the sixth straight year since I was first elected in 2016, the Clerk's office reduced its budget – this year by 1.8% -- without eliminating the number or quality of services we provide to local residents. As a result, your Clerk's office returned \$794,533 in taxpayer funds to the Charlotte County Board of County Commissioners this year, despite rising staff health care costs and increased Florida Retirement System (FRS) rates. Since taking office in 2017, the Clerk's office has returned over \$2.8 Million in taxpayer funds to Charlotte County.

As the steward of all Charlotte County funds, the Clerk's office has an awesome responsibility making sure that all funds are both safe and invested wisely. During 2022, at its highest point the Clerk's office we managed a Charlotte County investment portfolio of \$882 million, which earned \$6.3 million for the year. Since I took office in 2017, over \$39 million has been earned on county funds controlled by your Clerk's office.

Despite the many unique challenges brought about by Hurricane Ian in 2022, the Clerk's office increased the number, efficiency, and convenience of its services, all while reducing its budget and returning budget funds to Charlotte County and supporting our local non-profits. Since my first election in 2016, my goal has always been finding ways to provide better, more efficient, and more convenient ways of providing services to our citizens, while still reducing our budgetary costs. Hard work and an excellent staff has made this lofty goal attainable each and every year. I look forward to continuing this successful trend in 2023!

Sincerely,

A handwritten signature in blue ink, appearing to read "Roger".

HISTORY OF *Charlotte County*

Charlotte County was established April 1921, located on the southwestern Florida coast, and was named for the Bay of Charlotte Harbor. Punta Gorda is the only incorporated city in Charlotte County. Charlotte County has a population of approximately 196,000 on 680 square miles of land and over 200 miles of natural shoreline and canals. Charlotte County's largest industries are professional & business services, trade, transportation and utilities, construction, education & health services, financial activities, leisure and hospitality, and other unclassified services.

The County is a political subdivision and a charter county of the State of Florida established by and operating pursuant to the Constitution of the State of Florida, Article VIII, Section 1(g). The Florida Constitution provides for "home rule" county charter government when approved by the voters through referendum. Charlotte County voters approved a charter form of county government effective January 1, 1986. The charter was amended in November 1992, November 1998, November 2010, and November 2016. Counties operating under charters have all the powers of local self-government not inconsistent with general law, or with special law approved by vote of the electors. The County, pursuant to its home rule powers, may enact county ordinances not inconsistent with general law.

Legislative control is vested with a five-member Board of County Commissioners, each of whom is elected to a four-year term. The day-to-day operational direction of the County is the responsibility of the appointed County Administrator. The operation of other specific government functions resides with five constitutional officers elected to four-year terms. They are the Clerk of the Circuitry Court and County Comptroller, Property Appraiser, Sheriff, Supervisor of Elections and Tax Collector.

COUNTY *Highlights & Initiatives*

AIRPORT RESCUE & FIRE FIGHTING SIMULATOR

Charlotte County Public Safety is required to train once per year for fighting fires on an aircraft with props, such as an engine or brake system fire. Public Safety is also required to train every three years on an aircraft fuselage. This simulator provides for training in lieu of a mobile facility or traveling to other counties to meet training requirements. This facility includes a full-sized training aircraft simulator,

a restroom with showers, a covered shade structure, a propane storage area, and a concrete burn pit. A separate control room allows for the safe observation and operation of training activities. The total budget for this project was \$9,392,610 with the actual completion for the turnover and close-out on August 30, 2022.

FAMILY SERVICES CENTER

This 2014 Sales Tax Tier 1 project replaced the existing facility with a new code-compliant building. It combines a 6-acre site to be master planned for future phases. The new 17,000 square foot facility houses Charlotte County's 211 department with additional space for youth services and community partners. This is also collaboration among government and

non-profit agencies, with 11 agencies located at the center and 4 additional partners coming aboard when Phase 2 is complete. The total budget for this project was \$10,647,000 funded from the 2014 sales tax, with the actual completion for the turnover and close-out on March 18, 2022.

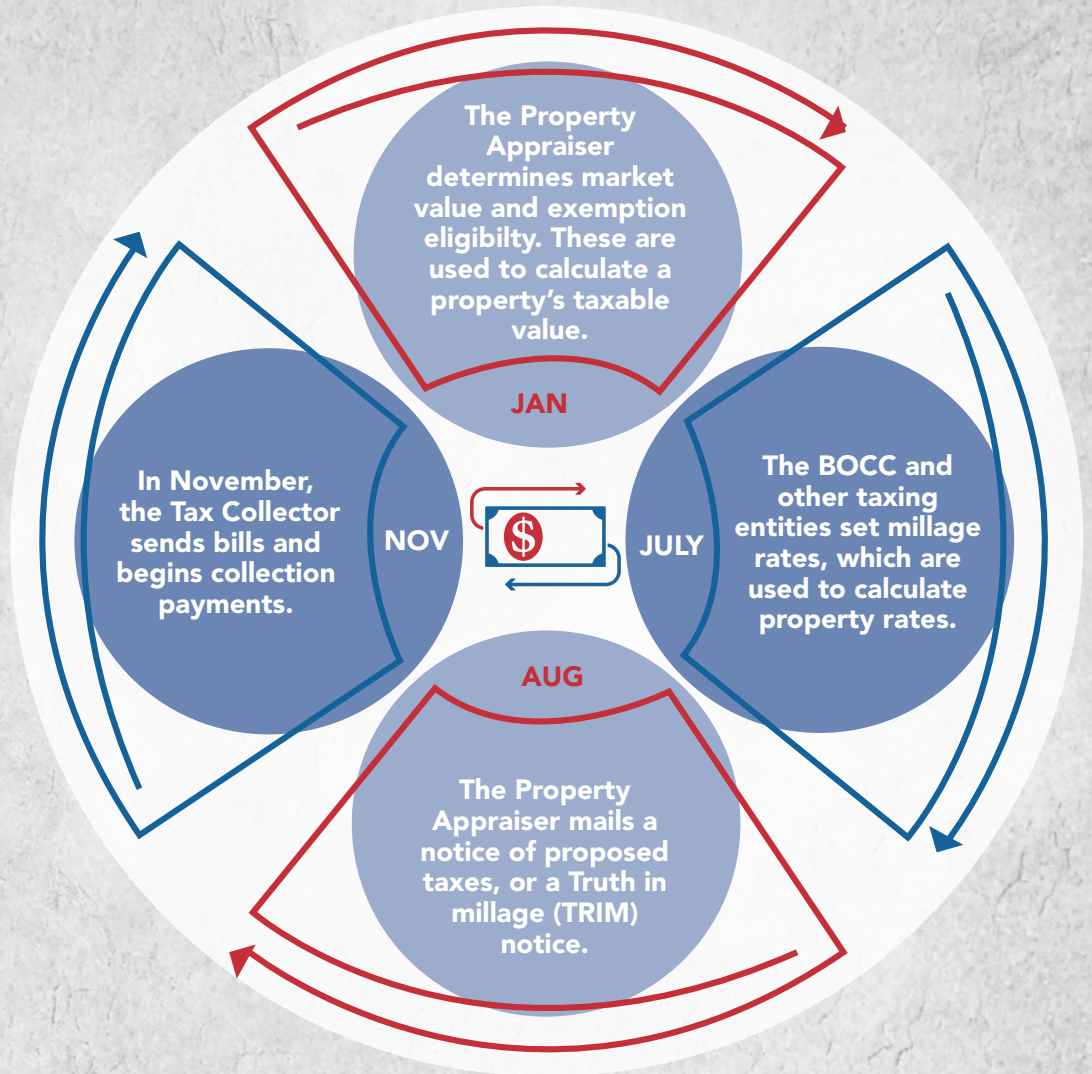

PROPERTY *Taxes*

PROPERTY TAXES ARE THE COUNTY'S PRIMARY SOURCE OF REVENUE

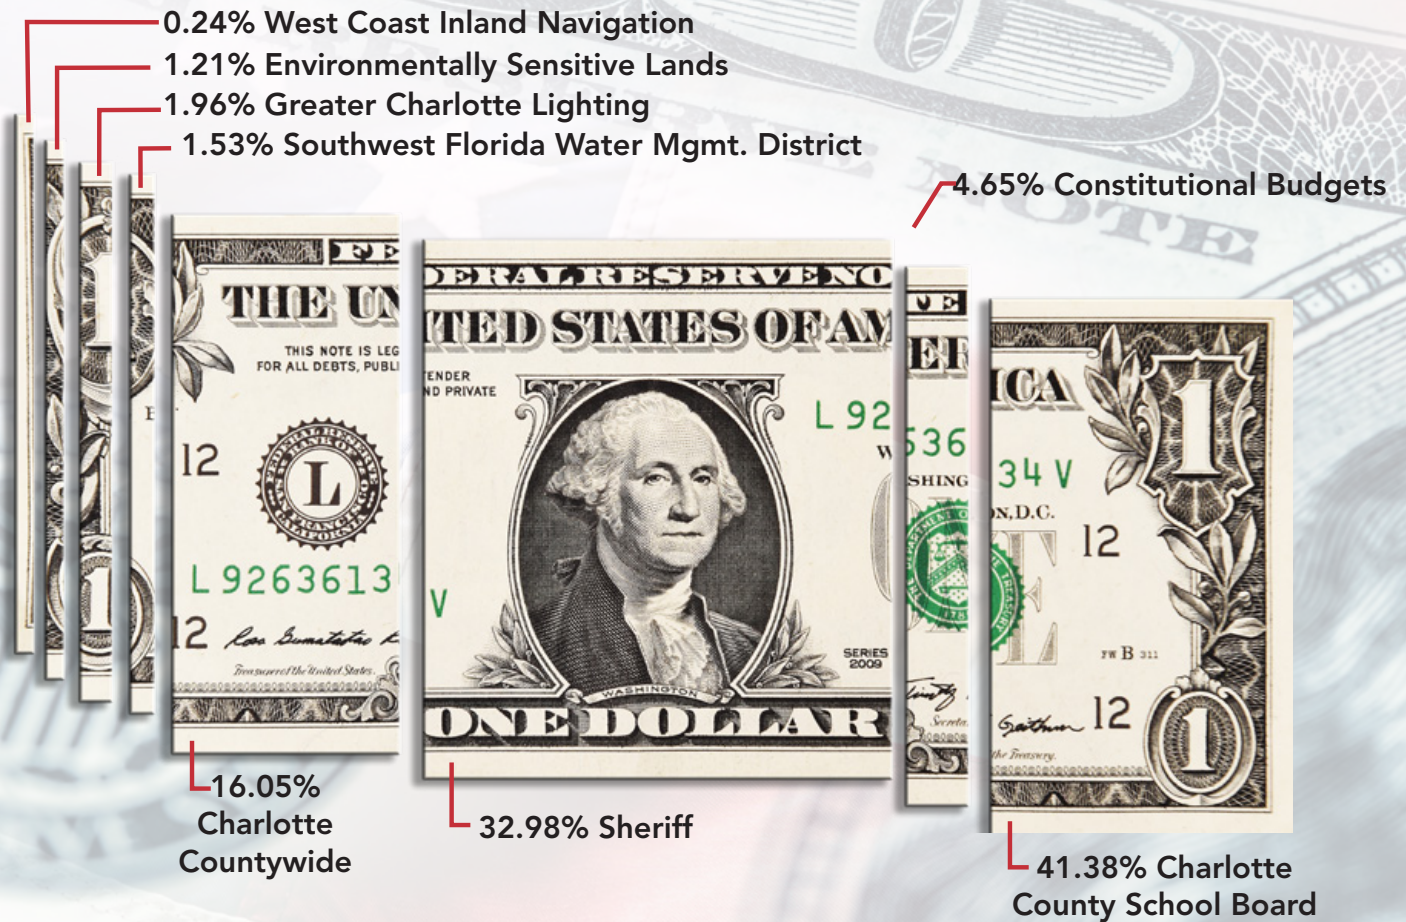

The County's total direct tax rate for the fiscal year 2022 was 12.5360%, which has been consistent since 2018, when it decreased from 12.8962%.

The Property Appraiser certified total taxable assessed value of \$20.2 billion in 2022, a 6.6% increase from the prior year. The increase in the taxable assessed value equates to approximately \$11.6 million in property tax revenues. The median single-family sale price increased from approximately \$342 thousand in the prior year to approximately \$357 thousand in fiscal year 2022.

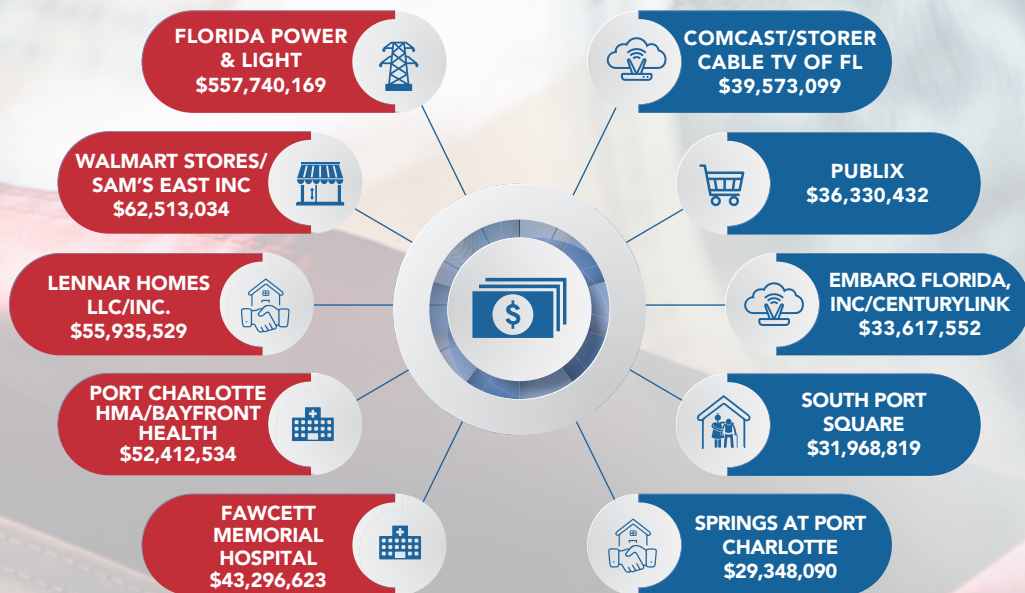

Save our Homes – Assessment Cap on Homesteaded Property 'Save our Homes' is an amendment to the Florida constitution that took effect in 1995. It limits the annual increase in the assessed value of homesteaded properties to 3% or the change in the National Consumer Price Index (CPI), whichever is less.

STATEMENT OF *Net Position*

The summary shown here is a high-level summary that presents total assets plus deferred outflows less liabilities and deferred inflows, with the difference reported as net position.

The County's activities are presented in two categories: governmental activities and business-type activities. Governmental activities include most of the County's core services such as administration, building, public safety and public works. Property taxes and state shared revenues finance most of these activities. Business-type activities consist of Water and Sewer utility and Landfill, which is primarily financed through user fees and charges.
